* Voracious suffered an ankle injury at the beginning of his four year old year. According to his previous owners, he was still good after the injury, but he was not his usual, dominant self, so his full earning potential was never realized. His conformation is excellent. A testament to that would be the fact that he's never worn a boot in his life. He demonstrated early speed and toughness as a two year old as he paced a first quarter in 26.4 and came home in 27.4.
